Use this tool to help you easily compare product benefits to match your clients' needs.

The Accelerated Death Benefit Endorsement feature is also referred to as Living Benefits and CCT. These terms are being used interchangeably throughout this document.

TERM LIFE INSURANCE

ADDvantage®

Simple and affordable term coverage that's fully convertible and offers competitive rates

- Offers 10, 15, 20, and 30-year level premium guarantee periods, depending on issue age¹
- \$100,000 minimum face amount
- Accelerated Death Benefit Endorsement (ADBE) for critical, chronic, and terminal illness²

Conversions are allowed according to the following schedule:

- **10-year term length:** the earlier of 7 years or age 70
- **15-year term length:** the earlier of 12 years or age 70
- **20-year term length:** the earlier of 15 years or age 70
- **30-year term length:** the earlier of 20 years or age 70

The conversion period is never less than 5 years regardless of issue age.

NOTE: The critical illness benefit on ADDvantage Term is not available in California.

INDEXED UNIVERSAL LIFE INSURANCE

Protection Builder IUL® 2

with Premium Guarantee Rider (PGR)

Ideal for clients who desire an extended death benefit guarantee with strong potential for cash value accumulation.

- Optional PGR extends the No-Lapse Guarantee period to any age up to 120³

Surrender Charge Period	10 years without the Waiver of Surrender Charge Rider.

*Availability varies by state for Smart Builder IUL 3, and Builder Plus IUL 4, and Protection Builder IUL 2.

1. Premiums are guaranteed to remain level for the initial 10, 15, 20, or 30 year period. After the premium guarantee period, premiums will increase annually but will never exceed the Guaranteed Annual Renewal Premium.

2. Subject to eligibility requirements.

An administration fee is required at time of election of an accelerated death benefit. The face amount will be reduced by the accelerated death benefit amount. Since benefits are paid prior to death, a discount will be applied to the face amount accelerated. As a result, the actual amount received will be less than the amount of face amount accelerated.

The death benefit will be reduced by the amount of the death benefit accelerated. Since benefits are paid prior to death, a discount will be applied to the death benefit accelerated. As a result, the actual amount received will be less than the amount of the death benefit accelerated.

3. Subject to premium payment requirements.

4. The Premium Recovery Endorsement is only available if the Premium Guarantee Rider is selected. If your client previously elected to accelerate the death benefit, the total premiums will also be reduced by the same portion that the death benefit was reduced at the time of that election. The Premium Recovery Endorsement will remain in effect to the 25-year policy anniversary as long as the qualification test is satisfied at each policy anniversary. Generally, the qualification test is met if the gross premiums paid guarantee the policy to at least the insured's attained age of 95, assuming no policy loans are taken. In some instances, additional premium may be required based on underwriting class, table ratings, or flat extras. If the Premium Recovery Endorsement terminates, it cannot be reinstated.

5. Allows policyowner the right to exchange policy, without evidence of insurability and surrender charges, to one of our cash value accumulation indexed universal life policies available at the time of exchange. The Cash Surrender Value on the new policy may not be greater than the Cash Surrender Value on the policy being exchanged. Not available for policy ages 76 and above or if there is an outstanding policy loan.

6. Surrender charges will not be waived if the policy is surrendered under an external 1035 exchange (except in FL). A decrease charge will be assessed if a reduction in the specified amount is requested during the waiver of surrender charge period. However, if a partial withdrawal results in a reduction of the specified amount, the withdrawal charge is waived. There is an additional charge for this rider and it must be applied for at the time of application.

7. **Protection Builder IUL 2:** The current interest bonus for the Fidelity Multifactor Yield IndexSM 5% ER is 1% which is added to the then current interest rate. The index bonus is applied after the participation rate, cap, floor and spread. This bonus is not applied to any loaned amount. The current interest bonus percentages are not guaranteed and subject to change; however, once a policy is issued, the guaranteed percentage will not change. No other index options offer a bonus.

Builder Plus IUL 4: Conditionally Guaranteed Interest Bonus on Fixed Account - If we are crediting interest in excess of the guaranteed interest rate and your client's policy is in effect after the 10th policy anniversary, your client's policy will receive an interest bonus. The current interest bonus is 0.50% above the then current interest rate. The interest bonus percentages are not guaranteed and subject to change; however, once a policy is issued, the percentage will not change. This bonus is not applied to any loaned amount.

Builder Plus IUL 4 for the Fidelity Multifactor IndexSM 5% ER Vol Control: Interest Bonus on Index Account - The current interest bonus for the Fidelity Vol Control Index is 1% above the then current interest rate through policy year 10. If your client's policy is in effect after the 10th policy anniversary, the current interest bonus is 1.50% for the Fidelity Vol Control Index and is .50% for all other index selections above the then current interest rate. The index bonus is applied after the participation rate, cap, floor and spread. This bonus is not applied to any loaned amount. The interest bonus percentages are not guaranteed and subject to change; however, once a policy is issued, the guaranteed percentage will not change.

8. The net cost of a variable interest participating policy loan could be negative if the credits earned are less than the interest charged. The net cost of the loan could also be larger than under standard policy loans if the amount credited is less than the interest charged. In the extreme example, the amount credited could be zero and the net cost of the loan would equal the maximum interest rate charged on variable interest participating policy loans. In brief, Variable Interest Participating Policy Loans have more uncertainty than Standard Policy Loans in both the interest rate charged and the interest rate credited.

9. Net Zero Cost Loans are loans charged and credited at the same interest rate percentage for a net zero cost. The policy year and amount available vary by product. Please refer to the specific product marketing guide for details.

10. The policy will remain in effect when extensive loans are taken provided the policy is not terminated due to surrender and the policy owner does not take policy loans or withdrawals during the Overloan Protection period. This benefit may reduce the Specified Amount and will terminate the Protected Death Benefit. If Over loan Protection benefit is in effect, Accelerated Benefit riders cannot be elected. The Overloan Protection Benefit cannot be elected if the Protected Death Benefit is in effect.

11. If the policy has a Premium Guarantee Rider attached to it, such rider will be terminated upon the election of the Protected Death Benefit. The Protected Death Benefit cannot be elected if the Over loan Protection Benefit is in effect.

12. The net cost of a Fixed Interest Participating Policy Loan could be negative if the credits earned are less than the interest charged. The net cost of the loan could also be larger than under standard policy loans if the amount credited is less than the interest charged. In the extreme example, the amount credited could be zero and the net cost of the loan would equal the maximum interest rate charged less any guaranteed bonus. In brief, fixed interest rate loans have more uncertainty than standard policy loans in the interest rate credited.

The current interest bonus on money allocated for a Fixed Interest Participating Policy Loan is 2% for years 3+. There is no bonus on money allocated to any other loan type. The interest bonus percentages are not guaranteed and subject to change; however, once a policy is issued, the guaranteed percentage will not change.

13. In some situations loans and withdrawals may be subject to federal taxes. North American does not give tax or legal advice. Clients should be instructed to consult with and rely on their own tax advisor or attorney for advice on their specific situation.

14. Subject to eligibility requirements. The maximum issue age is 70. Not allowed if the primary insured has a table rating greater than 4 or a flat extra rating. Indexed Universal Life insurance products are not an investment in the "market" or in the applicable index and are subject to all policy fees and charges normally associated with most universal life insurance.

Please refer to the current marketing guides for complete product details.

Indexed Universal Life insurance products are not an investment in the "market" or in the applicable index and are subject to all policy fees and charges normally associated with most universal life insurance.

The Fidelity Multifactor Yield Index 5% ER (the "Index") is a multi-asset index, offering exposure to companies with attractive valuations, high quality profiles, positive momentum signals, lower volatility and higher dividend yield than the broader market, as well as U.S. treasuries, which may reduce volatility over time. Fidelity is a registered trademark of FMR LLC. Fidelity Product Services LLC ("FPS") has licensed this Index for use for certain purposes to North American Company for Life and Health Insurance® (the "Company") on behalf of the Product. The Index is the exclusive property of FPS and is made and compiled without regard to the needs, including, but not limited to, the suitability needs, of the Company, the Product, or owners of the Product. The Product is not sold, sponsored, endorsed or promoted by FPS or any other party involved in, or related to, making or compiling the Index.

FPS does not make any warranty or representation as to the accuracy, completeness, or availability of the Index or information included in the Index and shall have no responsibility or liability for the impact of any inaccuracy, incompleteness, or unavailability of the Index or such information. Neither FPS nor any other party involved in, or related to, making or compiling the Index makes any representation or warranty, express or implied, to the Product contract owner, the Company, or any member of the public regarding the advisability of purchasing annuities generally or the Product particularly, the legality of the Product under applicable federal securities, state insurance and tax laws, the ability of the Product to track the performance of the Index, any other index or benchmark or general stock or bond market or other asset class performance, or the results, including, but not limited to, performance results, to be obtained by the Company, the Product, Product contract owners, or any other person or entity. FPS does not provide investment advice to the Company with respect to the Product, to the Product, or to Product contract owners. The Company exercises sole discretion in determining whether and how the Product will be linked to the value of the Index. FPS does not provide investment advice to the Product, the Product contract owners, or any other person or entity with respect to the Index and in no event shall any Product contract owner be deemed to be a client of FPS.

Neither FPS nor any other party involved in, or related to, making or compiling the Index has any obligation to continue to provide the Index to the Company with respect to the Product. In the event that the Index is no longer available to the Product or Product contract owners, the Company may seek to replace the Index with another suitable index, although there can be no assurance that one will be available.

Fidelity Product Services LLC disclaims all warranties, express or implied, including all warranties of merchantability or fitness for a particular purpose or use. Fidelity Product Services LLC shall have no responsibility or liability with respect to the Product.
