North American Company for Life and Health Insurance has been providing quality life insurance products since 1886. As one of the leading life insurance companies in the U.S., we'll make it as easy as possible for you to become one of our insureds. Please visit our Website at www.NorthAmericanCompany.com to find out more about our company.

1 Coverage is guaranteed for 15 years or to age 75, but never less than 10 years provided the 15-year no lapse guarantee premium requirement is met. If you do not meet the requirement, significantly higher premiums may be necessary to keep the policy in force. Paying a premium that is equal to, but not greater than the 15 year no lapse guarantee premium will keep the policy in force, but may result in a negative or zero account value. By paying only the 15-year no lapse guarantee premium you may be forgoing the advantage of building more cash values.

2 If we are crediting interest in excess of the guaranteed interest rate and your policy is in effect after the 10th policy anniversary, your policy will receive an interest bonus. The interest bonus is 1.0% above the then current interest rate in years 11 and thereafter. The interest bonus is not applied to loaned funds. The interest bonus percentage is subject to change; however once a policy is issued, the percentage will not change. Not available in Texas.

3 Not available to insureds rated over Table 4 or assessed a flat extra for medical reasons. Subject to certification requirements. Additional exclusions may apply. Refer to rider for details.

4 Chronic illness/Chronically ill is defined as permanently unable to perform at least two of the six Activities of Daily Living (bathing, continence, dressing, eating, toileting and transferring) without substantial assistance from another person. Severe cognitive impairment means the insured requires substantial supervision by another person to protect him or herself from threats to health and safety due to a severe cognitive impairment. (In MN, insured must have a condition that requires Continuous Confinement in an Eligible Institution and is expected to remain there for the rest of his or her life).

5 Texas Residents: Receipt of acceleration-of-life-insurance benefits may affect your, your spouse or your family's eligibility for public assistance programs such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. You are advised to consult with a qualified tax advisor and with social service agencies concerning how receipt of such a payment will affect you, your spouse and your family's eligibility for public assistance.
